

# Libraccess

*A project to make open access widely available*

## The values of Libraccess:

International    Interdisciplinary  
Transparent    Not-for-profit  
Best user experience    Open access

## Your questions:

How is Libraccess different from ... ?  
How much would it cost to build ?  
Why the not-for-profit model? How?  
Who supports Libraccess?    What is the road map?  
How do I contribute?
